Dear P2 to P6 Parents and Guardians,

### Use of ICT for Learning and Cyber Wellness

#### Singapore Learning Space (SLS)

1. As part of MOE's commitment to nurture future-ready learners, Student Learning Space (SLS), an online learning platform, has been developed.
2. The school will leverage on the portal to cater to students' diverse and evolving learning needs. Our teachers have been and will continue to design EdTech enabled lessons using the portal to complement classroom learning.
3. Students can continue logging into SLS using their existing SLS login username and password.
4. The school will also refresh your child on their MIMS login credentials so that they can continue to use computers in the school as well as to access their Student iCON account.

#### Cyber Wellness

5. While we harness technology to deepen learning, we also encourage our students to develop and maintain good Cyber Wellness (CW) habits. To complement CW lessons in schools, parents could seek to stay in touch with what is happening in our children's cyber world and understand their motivations for their interests and activities in the cyber space.
6. To support you in helping your child/ward on the appropriate use of the internet, you may refer to the tips below to help you reinforce CW education at home. We hope to partner you as we nurture your child/ward to be a responsible digital learner.

7. We have also designed a Cyber Wellness Pledge which we included in page 22 of the Student Handbook. The Pledge aims to motivate our students to cultivate good and healthy habits online. Parents are encouraged to support your child in his/her use of the internet.
8. Should you have any queries on ICT matters, please email me at [lee\\_huan\\_leng@moe.edu.sg](mailto:lee_huan_leng@moe.edu.sg) or call Tel: 6583 2125 Ext. 159 during office hours.
9. We look forward to your continued support in your child's/ward's education.

Thank you.
